

Music Theater II/III/IV
Jennie Fabianski (A106)

Class Purpose

In Music Theater, students will be exposed to all aspects of theater and music. This will include, but is not limited to singing, reading music, basic acting, improvisation, directing, stage management, set building, writing, dancing, reading, costumes, hair and make-up, lighting & sound.

Grade Distribution

Practice Assignments- 10%

Students are expected to be in their seats with music folder and pencil in hand when the bell rings. They are expected to focus, pay attention and contribute to the ensembles time in class until the final bell rings. They will be graded on all aspects of technical, posture and vocal pedagogy, as laid out in the [GA Standards](#) (Pg.32) for our class.

Minor Assignments – 35%

Students will have line & music checks regularly as grades. Students will also have a variety of assignments and tasks for this category, that will be announced.

Major Assignments – 55%

And this is why we are here!! 😊

For every performance during the year, each student is required to participate. All placement is audition based throughout the year. All dates are listed in the calendar at the end of the syllabus and are graded. A student missing a performance can receive an alternate assignment for 80% credit. Students will also be evaluated on many other skills throughout the semester.

No work will be accepted after the due date. All work is due at the beginning of class. If you have an excused absence, you may turn in work the next day you are in school. All policies of the CHS Student Handbook apply when in this class or outside of regular school hours.

There are no phones in class. You cannot work on other classwork while in this class.

In this class, everyone is required to try/work on any assignment given. There are no classifications/specialists in this class. You are here to learn and will fulfill the role assigned to the best of your ability.

In this class, you are often expected to work independently or within a small group. Your work ethic will be observed daily by the teacher and will be graded.

You are responsible for attending ALL rehearsal dates listed in the syllabus for your class. They are mandatory and are graded.

Because of the nature of this class, every person is important and vital to the success of the shows/events that are happening. Not only is it important to be in class, it is vital to your grade to prepare for class and participate, whether in a group or individual setting. Students who cannot maintain a passing grade will jeopardize their future in the class or role assignments at the discretion of the Director.

Recovery & Late Work

Students will have one opportunity to recover their grade on each major assignment/assessment if they scored below 75% on the initial attempt. Recovery is not provided for minor or practice assignments.

Students can earn a maximum grade of 75% on the recovered major assignment. Students who earn between 75 – 100 on the recovered assignment will receive a 75%. Students who earn below a 75 on the recovered assignment will receive the grade earned or the original grade, whichever is higher.

If an assignment is turned in past the due date but prior to the end of the unit within which it was assigned, teachers will deduct 15% of the assignment grade. This will be calculated by multiplying the actual grade earned by 0.85. For example, if the student earned a 90% but the assignment was turned in late, the student would receive a 77% (90×0.85).

If an assignment is turned in past the due date but after the end of the unit within which it was assigned, teachers will deduct 25% of the assignment grade (actual grade earned $\times 0.75$) and the student will not be eligible for recovery on that assignment.
